MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: POLICY 147 – Fort Huachuca Environmental Policy

1. **POLICY.** Responsible environmental stewardship is critical for all missions on Fort Huachuca. To ensure our continuing ability to accomplish our missions, every leader, Soldier, family member and civilian or contract employee working or living on Fort Huachuca must do everything possible to prevent pollution, conserve natural and cultural resources, and comply with all relevant laws, regulations, and policies.
2. **PROCEDURES.** We will all actively seek continuous improvement opportunities in our conservation and environmental programs. Commanders at all levels will ensure that environmental requirements are integrated into mission and training planning and execution, as well as work practices and family life. Commanders will ensure that environmental awareness and compliance are integral to all operations, not an afterthought.
3. This policy will be communicated through all chains of command to the lowest levels and to all family members living on the installation. It is also available to the public through the Fort Huachuca homepage at <http://huachuca-www.army.mil>.
4. Protecting the environment guarantees mission readiness at Fort Huachuca. An understanding of the mission-critical importance of environmental stewardship must be integrated throughout all activities and with all personnel on the installation.
5. **PROPONENT.** Fort Huachuca's Director of Public Works establishes the framework for setting and reviewing environmental objectives and targets. Point of contact is Mr. Tom Cochran, (520) 533-5215.

A handwritten signature in black ink, appearing to read "Barbara G. Fast".

BARBARA G. FAST
Major General, USA
